Swimming Team - We are the Champions

Our swimming team, revived by Mr Anderson after several years absence from competitions, swept to victory in the South Manchester Swimming Championships last week. The boys and girls bagged a whole bunch of individual medals and carried off a very handsome trophy. Well done to all of them.

Mr Anderson, the Assistant Headteacher for Key Stage Two, has a degree in sports science and is very keen for Beaver Road to compete in as many sports as possible in future. He has certainly got off to a good start!

On Tuesday 14 July the whole school will be going up to the Manchester Stadium at Eastlands for Sports Day. Please put the date in your diary as there will be plenty of seating capacity available for parents and carers to watch.

Welcome to Janita Grant

Janita is our new Parent Advice and Support Worker.

The four schools in Didsbury - Beaver Road, Didsbury CofE, St Catherine's RC and Broadoak have been allocated funds to support parents and carers as part of the government's Extended Schools initiative.

The schools have decided to pool their funding to appoint a Parent Advice and Support Worker. Janita will be based at Broadoak but will be in Beaver Road every Wednesday to meet parents and carers.

She will be able to give advice on access to the many and various agencies in Manchester who can help parents and carers with all aspects of parenting. She is there to help and further develop the partnership between school and home, so vital to every child's educational success.

Janita will be at the regular Coffee Morning for parents and carers held in our School Dining Room on Wednesday mornings from 9.00 am onwards.

Holiday Request forms and Trip Permission forms

We know that sometimes letters do not travel too well by 'pupil post'!

Holiday request forms can be downloaded from the Information page on the school website.

Trip Permission forms (new regulations mean that no child can go on a school trip/visit unless written parental/carer permission has been received by school) can also be downloaded.

Parent Consultation Meetings - Spring Term

These very valuable meetings to discuss your child's attainment, achievement and progress will be held on Monday 2 February and Wednesday 4 February. Details will follow later.
