All around the school!!!

All Around The School!

Showcasing talent all around Beaver Road!

A poem by a child in 4B...

Who am I?

Who prowls and crawls,
His fists are like walls.
He appears and is vary fierce,
He roars and has got sharp paws.
He can rip a leaf with his razor sharp teeth,
He eats meat like its a treat,
He moves fast and will go fast.

His jumps are like a giant hump,
His moves are very smooth.
He has flaming red eyes,
And you will drop like flies.
He is very tough,
And you will have to puff!
Where ever you look,
He will hook you up!

Artwork from Year 6

Year 6 are currently learning about World War II. Whilst they were learning about the 'Jarrow Crusade' They drew their very own 'Jarrow Marchers'. Here are just a couple we have chosen...

Year 3

In year 3 they have been creating their very own cake recipes! Also they have been doing work on 'talk for write'. Which is something Beaver Road work on right through the school! Here is a picture of a 'talk for write'

Another thing that is encouraged throughout the school is VCOP:

V= vocabulary
C= connectives
O= openers
P= punctuation

In 3G they have made themselves a play radio station. They use it in their spare time and pretend to be radio casters!!! Below is a picture of it:

All of year 3 work incredibly hard at everything they do! AND it's only their first year in key stage 2!!!

Wonderful work from all around the school

Family plays at the theatre!

Wonderful town at the theatre would be a memorable play for 8 and over! Be entranced when two sisters go to the magical city of New York. This leads to the most intriguing of adventures.... This play along with many others at the Lowery would be a winner. It won an award! Oliver (the musical) is of course phenomenal. Of all plays I would definitely recommend this fabulous show, and for all ages. It would take your breath away!!!!

They organise events with the help of a wonderful lady called Catherine Williams. She is a fundraising expert and worked for St. Annes Hospice as a fundraiser and organiser of events!!!

Most recently we held a group of charity days including Children in Need day , Santa dash day and Door of hope christmas card making week. The money raised from the SANTA DASH and CHRISTMAS CARDS was given to the Door of Hope (But have of the Santa dash money went to the school!) And the Children in Need money went to... (Well its obvious in the name!! He He!)

As a school we generate lots and lots of money for charity and events in school. The PTA(Parent teacher association) generate and hold events to raise money for various school projects holding fairs and event days.

At the SANTA DASH there was a competition held for best class which was won by 2L, best dressed child which was won by Archie Robertson-Gill and best dressed teacher which went to Mr . Warren and class 6W!

All of the recent events that were held in aid of charity were great successes. And we are glad to inform you that the Door of Hope were very glad receive our christmas gifts of cards and money!

The figures raised are as follows:

The school got £136.55 and The Door of Hope got £561.17 out of both of our events!

T H E G R E A T

Moscow State Circus!!!

The famous moscow circus. Acrobatics, magic and comedy. The greatest circus.

The biggest greatest circus in moscow!!!

A couple of their greatest tricks!!!

The Jokers!!!

The jokers are incredibly talented! About seven acrobatics combining talent in gymnastics and flipping across mats laid on the stage! Every move is quite obviously practiced to perfection! They all dress the part as

medieval jokers too! It's magical!!!

The Ten Chair Trick

A fabulous trick where one man stacks ten chairs and stands on top!!! Its nail-biting and exhilarating!!! It is incredibly intense!!!

The Wind Up Box

One girl, showcasing pure talent as a contortionist. They wind up the key and the magic begins! It doesn't look humanly possible and it definitely is practiced to perfection!!!

Trampolining Comedian

One man, one trampoline, and one great performance!!! A hilarious man making hundreds laugh, using just a trampoline and pure talent!

The Motor-Bike Trick

A man on a motor-bike on a wire with a girl sitting below! It is quite the act! Once you think it can't get worse they turn the motor-bike 360 degrees around, still on the wire!!!

Information about the Circus...

The circus in general is quite the show and the Beaver Reader recommend Moscow State Circus for a great day out!

All of the acts are practiced to perfection before performed to hundreds as a big live show! Making people smile, laugh and

gasp. The work and effort that goes into the whole performance is impossible to put into words.

Each single act brings the show together, and without just one of the performers the circus just wouldn't be the same.

Every one of the performers improves the show, with natural talent.

SPORTS

AN INTERVIEW WITH MR KNOWLES ...

Read this interview with our very own sports teacher, Mr Knowles. We have asked him many questions and here are the answers!!!

Why did you choose to do sports?

Sports is something I've been doing for the majority of my life. I have been brought up with sport. From a young age my parents took me to different sports clubs, which I carried on throughout my life because sports is something I love doing.

How long have you been teaching sports?

I started teaching sports in high school as a volunteer for 2 years working with Manchester City F.C and also Tameside Sports Development. During those 2 years i became a qualified sports coach and have been teaching now for 4 years .

Where did you teach before you taught at Beaver Road?

I have taught at many schools in Stockport / Manchester but the most recent school i have been teaching at was St Mary's C of E.

When did you first become interested in Beaver Road?

I first became interested in Beaver Road when i worked for a company called 'Sportsweek' . Beaver Road employed Sports-

weeks to deliver after school sports clubs for Key Stage 1 and 2 children. I was one of those coaches delivered those sessions and became interested in the school from then.

Did you like sports at school or is it a recent thing?

Yes during my time at Primary School i was involved in all the different sports teams then took that into secondary school the to collage. Playing sports is something i have done for a long time.

How does sports interest you?

Playing sports has different benefits for me. Socially , meeting different people you wouldn't usually meet and also physically keeping fit.

What is your favorite sport?

Football is my favorite sport. I started playing at the age of 3 and still play today.

Do you enjoy teaching sport?

Yes. Teaching sport is a dream job for me. I started playing sports as a hobby for the maturity of my life teaching what i love is fantastic.

Have you had any other jobs?

Yes , i worked for the

cooperative bank for a year then realised this is not what i want to be doing for the rest of my life.

So clearly Mr.Knowles loves teaching at Beaver Road!!!!

Are you interested in sport???

If so Mr. Knowles would love to help!!!

VALENTINES DAY!!!

And remember as St.Valentine said ' Nothing can beat love!'

Valentines day is a time of sharing and giving , many families and couples share and give gifts and cards on Valentines Day!!!

We chose to write this page in this issue of the beaver reader because Valentines Day is coming up soon on 14th Feb.

Many people think Valentines Day is just a time to celebrate and spend time with friends and family. But its not just that , Valentines Day is a sacred day dedicated to St. Valentine.

As the legend goes it is said that St. Valentine was a christian saint. There are many different legends about St. Valentine but one is the most famous and that is the one I am going to tell all readers. (And that means you!)

At the time the Roman Emperor Claudius declared that no young men were allowed to marry. His thoughts were that if none married then they would be more willing to join the roman army because they would not worry about wives and children.

But many young men and woman did not believe this was a good idea and still wanted to marry their loved ones. Also St. Valentine thought men should be able to marry at their own will. And as St. Valentine was a priest he decided to preform secret marriages.

The service would take place in a dimly light room with only St. Valentine and the couple. They would whisper the vows and prayers always keeping an ear for oncoming soldiers.

One night when he was performing a marriage soldiers did come and took St. Valentine was caught but the couple escaped.

St.Valentine became close friends with a prison guard daughter and they spent hours talking in his cell. People really respected St. Valentine while he was in prison throwing him flower and notes.

On the day of his death he signed a card to the prison guards daughter signing 'From you Valentine' this was on the day of his death February 14th 269 AD.

WRITING...

i m a g i n a t i o n

There are no limits to imagination. At Beaver Road there are many talented children. Here are a few pieces which particularly excelled when we read them.....

Who am I ?

Who crawls, prowls in a elegant stride,
a purr in his body not scared to hide,
now running away without something to say,
it's fur so copper with claws like choppers

Who's as springy as a ball,
maybe could jump over a wall,
as silent as night,
in the moonlight.

BY A CHILD IN 4B

The usual muddy brown floor, was covered in a deep crisp carpet of white snow. The trees, with large crystly white icicles. The mystic moon,
