

Year 4's Chester Experience

We had to get into different formations to protect ourselves from the enemies. This specific formation helped to protect you from air attack.

We looked at a real excavation site. This site was in the cellars of the museum. The archaeologists have found Roman remains. They are still searching for the rest of an authentic Roman mosaic!

We explored what it would be like to be a Roman for a day. The children had a hands on session where they could dress up and touch Roman remains. Some children even re-enacted real life Roman situations.
