

Recalling Facts

It is important that children recognise number bonds, different pairs of numbers with the same total.

USE IMAGES TO REPRESENT DIGITS!

thousands	hundreds	tens	ones
1	2	3	9

How you can you help at home?

- Access online websites (list attached).
- A focus on **mental calculations**.
- Encourage the ability to **estimate**.
- To use maths in a **real life context**.
- To ask children to **explain** how they have calculated something using a method that suits them.
- Ensure children are confident with their **addition bonds and multiplication tables (up to 12x12)** - and make sure they can use the related inverse facts too!
