Maths Week England

**9TH TO 14TH NOVEMBER 2020**

22nd October 2020

Dear Parents and Carers,

At Beaver Road Primary School, we seek to embrace exciting initiatives and we would love for our parents and carers to be involved during Maths Week England **Monday 9<sup>th</sup> November - Friday 14<sup>th</sup> November 2020**.

The week will aim to:

- raise the profile of Mathematics
- fire positive conversations about Science, Technology, Engineering and Mathematics (STEM)
- enable children from all social and economic background to access and enjoy a range of interesting mathematical experiences
- provide an insight into careers which require mathematical skills
- promote Mathematics as accessible and enjoyable for ALL: to 'love and enjoy' is a worthy goal!

If you are a professional whose job involves Mathematics as a skill, we would love to hear from you! We are keen to engage each class in each year group with 'inspiring mathematicians' as it is so important to understand why this subject has such an important place in the real world. If you could commit to us (in any range of capacity) during that week e.g. a short Zoom; overview of your job; pictures of your workplace or job in action, we would be so grateful.

Please forward any correspondence for the attention of myself at:  
adminjuniorsch@beaverroad-pri.manchester.sch.uk

Kind Regards

Natalie Turner
