

## Free support and resources for home

### Oxford Owl

Dear Parent/Carer,

#### Helping your child to learn

At school, we use resources from Oxford Owl, and thought you might be interested in their website for parents and carers.

On the website, you'll find lots of information about the national curriculum and what to expect each year at school, videos to help with homework and tips on supporting your child at home, along with free eBooks and activity sheets – all in line with how we teach your child at school.

If you'd like to find out more, visit [www.oxfordowl.co.uk/home](http://www.oxfordowl.co.uk/home), follow them on Facebook at [www.facebook.com/oxfordowl](https://www.facebook.com/oxfordowl) or subscribe to the YouTube Channel at [www.youtube.com/OxfordOwlHome](https://www.youtube.com/OxfordOwlHome).

You should have an individual login for your child to be able to access the eBook library at home. If you have any problems logging in or any other questions please contact your child's class teacher.

Yours sincerely,

Year 1
