

Dear Parents and Carers,

As we find ourselves in lockdown, walks have become a part of our daily activities. You may have discovered new walks around your community or walked down your usual paths but noticed a change in the wildlife around you.

Inspired by the walks we have been on and new areas we have discovered within our local community, we would like you to think about your favourite place to go for a walk. This could be a walk you do in your local area during lockdown or somewhere in the UK you may have previously visited.

You might want to think about the following questions:

Do you like to walk along the river?

Do you like to walk along the coast?

Do you like to walk in the countryside?

What do you hear when you are on your walk?

How does the walk make you feel?

We would really like you to draw/create a map of where you went. We would love to see photographs or some writing about your walk. You could also write about how your walk makes you feel linking it to your wellbeing.

We are leaving this task open for you to present your information how you would like. We are really looking forward to seeing your geography work and I am sure the staff at Beaver Road Primary School will be getting involved too!

Please post your work onto Seesaw. We hope you enjoy mapping your favourite walk.

Mrs Jeacock and Mrs Burrows  
Geography Lead
